1 Emperor Fu loves clothes. He loves hats and gloves, boots and sandals, and coats and trousers too.

This jacket is thirty yuan.  
This hat is ten yuan.

One jacket and two hats, please!

2 One day two tailors come to the emperor's palace.

We can make fantastic clothes!

We've got special cloth.  
Only intelligent people can see the cloth.

3 The emperor is very happy.

Please make me a coat and trousers!

The coat is thirty-two yuan.

And the trousers are sixteen yuan.

4 The next day the emperor talks to the prime minister.

Go to the tailors. They're making my new clothes! Only intelligent people can see the clothes!

5 So the prime minister visits the tailors.

Oh no! I can't see the clothes! I'm not intelligent!

Can you see the clothes?

Yes! They're fantastic!

6 The next day the tailors come to the emperor's palace again.

The clothes are finished.

Oh good!

7 But the emperor can't see the clothes.

Oh no! I can't see the clothes! I'm not intelligent!

Can you see the clothes?

Yes! They're fantastic!

8 The emperor wears his new clothes in the town.

Look at my new clothes!

But a boy shouts ...

What's the emperor doing?  
He isn't wearing any clothes.

And all the people laugh.
